Lakit Timeframes – Silver Edition Wall Clock

R995.00 – R1,395.00

Refined simplicity. Contemporary character. The Lakit Timeframes Silver Edition combines subtle metallic finishes with clean geometric styling to create a sophisticated decorative wall clock. A silver frame surrounds a matching silver clock face, where precision black engraving provides distinctive contrast. Complementary silver hands complete the elegant monochromatic design. Its understated appearance makes it particularly suitable for contemporary homes, professional offices and modern interiors. Designed for versatility The Lakit Timeframes interchangeable clock-face system allows compatible engraved faces to be used across different frame colours and configurations in the collection. Choose between: Open Face: A sleek, contemporary design without a front glass panel. Glass Box: An elegant framed construction with protective front glass. Product features Contemporary square framed wall clock Silver frame and matching silver clock face Contrasting black laser-engraved markings Silver clock hands Quartz clock movement Interchangeable clock-face design Available in Open Face or Glass Box Designed and assembled in South Africa Perfect for Modern homes, executive offices, contemporary living spaces, reception areas and sophisticated décor gifts. This product is supplied in the specified silver

frame and silver clock-face combination.
