Lakit Timeframes – Black Edition Wall Clock

R995.00 – R1,395.00

Timeless design. Modern simplicity. The Lakit Timeframes Black Edition combines bold contrast with minimalist styling, creating a distinctive decorative wall clock for contemporary interiors. Featuring a black frame, precision laser-engraved clock face and elegant white hands, this clock makes a sophisticated statement in a living room, office, study or modern home. Designed for versatility At the heart of Lakit Timeframes is an interchangeable clock-face concept. The engraved faces are designed to be compatible across the Lakit Timeframes frame colours and configurations, allowing the collection to evolve beyond a single design. Choose between two frame styles: Open Face: A contemporary presentation without a front glass panel. Glass Box: A framed presentation with a protective glass front. Product features Modern square framed wall clock Black frame with black clock face White laser-engraved markings and white clock hands Quartz clock movement Interchangeable clock-face design Available in Open Face or Glass Box Designed and assembled in South Africa Perfect for Modern living spaces, offices, home studies, housewarming gifts and contemporary interior décor. Clock-face and frame compatibility is a design feature of the Lakit Timeframes range. This product is supplied in the specified black frame and black face combination.
